

RRCUS Register of Merit, Dams

(titles earned as of December 31, 2021)

To qualify for the ROM, a dam must have produced five champions of record. For bitches born in or before 1964, only three champions were required for inclusion in the ROM. Those dams who qualified under the "1964 rule" are indicated with an asterisk (*) after their names.

Dams who earned ROM status in 2021 are printed in boldface type. Pedigrees and photos may be found for most of these dams on POST, the Pedigree Online Search Tool, <http://www.wendelboe.com/pedigree.html>.
